

## Aggravated Sexual Intercourse With Child Between 10 and 14 Years

Offences committed on or after 13.6.2003

s.66C(2) (NSW) Crimes Act

s 66C (2) Aggravated sexual intercourse child of or above the age of 10 years and under the age of 14 years

(3) Circumstances of aggravation:

- (a) offender intentionally or recklessly inflicts actual bodily harm on victim or any other person who is present or nearby
- (b) offender threatens to inflict actual bodily harm on victim or any other person who is present or nearby by means of an offensive weapon or instrument
- (c) offender is in company of another person or persons
- (d) victim under authority of offender
- (e) victim has a serious physical disability
- (f) victim has a cognitive impairment
- (g) offender took advantage of victim being under influence of alcohol or a drug
- (h) offender deprives victim of liberty *[added 1.1.2009]*
- (i) offender breaks and enters into any dwelling-house or other building with intention of committing serious indictable offence. *[added 19.5.2009]*

<b><u>Maximum Penalty:</u></b>	20 years
<b><u>Commenced:</u></b>	13.6.2003
<b><u>Standard Non-parole Period:</u></b>	9 years (offences committed on or after 29.6.2015)

For offences under s.66C committed prior to 13.6.2003 see separate tables

**Note:** the effect of statutory provisions relating to the application of sentencing patterns and practices:

s.25AA(1) (NSW) Crimes (Sentencing Procedure) Act applied to sentences imposed on or after 31.8.2018. It required a court to sentence an offender for a child sexual offence in accordance with the sentencing patterns and practices at the time of sentencing, not at the time of the offence.

This provision was replaced by s.21B(1) (NSW) Crimes (Sentencing Procedure) Act on 18.10.2022 which extends the requirement to all offences.

Under both provisions the relevant standard non-parole period is that which applied at the time of the offence: 25AA(2) / s.21B(5)

**This table has been prepared by the Public Defenders as a guide. Individual cases should be read if they are to be relied upon.**
